

Thank heavens there's no practicality tax.

If there was, can you imagine how much a Range Rover would cost? After all, few things on earth are more practical.

Range Rover has a 3.9 litre V8 engine which can move five people and their luggage effortlessly.

A viscous coupling unit which provides the most efficient form of four-wheel drive.

Alloy body panels which can't rust. ABS brakes which can't lock up. And a box-section chassis, which can't be beaten.

All of which makes a very strong case for rushing out and buying a Range Rover.

Because, for all practical purposes, it's tax free.

SPECIAL ATTRACTIONS

Main Arena Commentary - Hugh Coleby
Main Arena Stewards - John Grant and Tony Reed

Pony Club Team Games Championships:

There is plenty of action to be seen when the teams from Lilydale, Yarra Glen, Donvale, Lower Plenty and Wyena compete for the Noble Perpetual Trophy. There will be four races - Bending, Flag and Barrel, Bat and Relay and Ride and Lead. These are the five finalists of competitions between Pony Clubs around the zone. Action starts at 12.15 pm in the main arena.

Dressage Display:

Spectators are in for a real treat when Charlotte Pedesen and her Palomino gelding, Carillo, combine to do a display of dressage to music.

Carillo, a ten year old, has been 'Elementary Horse of the Year', won the Medium Championship at Werribee and is now competing at Advanced level.

Charlotte originally from Denmark is now training horses and riders at the Glen-Brae Equestrian Centre at Wandin. Commentary will be by Jill Sinclair.

Cross Country Runners:

A popular event each year at Wandin Park is the race around the Restricted Novice Cross Country course by members of the Victorian Cross Country League. Over the jumps and through the water - whatever the horses do, so do the cross country runners. The race starts at the Cross Country start at 12.35 immediately following the Restricted Novice horses.

Saddle-Up - Wandin Park Young Event Horse Trophy:

This is our event to encourage breeders and trainers developing event horse of the future. The details of the competition are completely covered on the next page, but competitors are judged in sections covering dressage, jumping, conformation and a show of paces. Initial judging takes place on Saturday with the top eight horses being presented in the final competition on Sunday. This event is conducted throughout the day in the main arena.

Carlton Clydesdales:

These famous 'gentle giants' of the equestrian world are under the guidance of Australia's Four in Hand Champion, Mike Thill, assisted by Jim Portz and Glen Pate. The Carlton Clydesdales are famous throughout Australia and it's an honour to have them at Wandin Park. Keep an eye out for them around 2.40pm.

7-Eleven Shetland Grand National:

A hotly contested race for our young riders on their Shetland ponies. Months of training go into the preparation of these horses. The jumps consist of hay bales and the 'race track' is around the main arena. Come and see the action at 2.45pm.

City of Dandenong Band:

For your enjoyment the band will be playing throughout the afternoon adjacent to the Country Fair.

Sky Divers:

At 2.40pm four members of the Victorian Parachute Council will be jumping from 4000ft. and free falling to 2500 ft. during which time they will reach a speed of 160kmh. The lead parachutists will carry smoke flares and they will make their landing in the main arena.

Freestyle Skiing Aerial Show:

A little unusual for Horse Trials - but just across the road from the Advanced fence, the Watering Hole, is the largest artificial ski jump in the world. Throughout the day there will be non-stop action with some of Australia's best skiers, including Kirstie Marshall. The skiers wear regular skis and ski boots as they run down the synthetic slope, complete their aerials and land in the lake at the bottom of the run. Not for the faint hearted!

Retriever Dog Displays:

Following the Advanced Cross Country members of the K.C.C. and their dogs will put on a "non-slip retrieving display" at the Land Rover Lake. Watch these superbly trained dogs retrieve their 'quarry' from the water.

Yarra Glen & Lilydale Hunt Club Parade of Horses & Hounds:

The club currently run 40 coupies (80) of English Foxhounds based at their property in Yering. The club began in 1900 and currently has a membership of 120. Working the hound today, are members of the club led by Joint Masters Dr. J.C.C. Macaulay and S.R. (Dick) Oliver together with Nick Boulton from Scotland.

Personality Range Rover/Horse and Buggy Challenge:

Time for a little fun with our 'personalities' as we see them compete in a 'horseless carriage' against 'horse drawn carriage'. The event is designed to see which form of transport is quickest through the cones in this precision driving competition. Our celebrities will be in the Range Rover and members of the Yarra Valley Harness Club will be in the Buggy.

Tentpegging:

In the main arena at 4.30 pm four teams from Yea, Central Horsemen's Association, Nanneela Iseki and Nanneela Greys will compete in the spectacular sport of Tentpegging. Tentpegging has its origins in the Boer War where an army would ride up to the enemy camp at night spearing the tent pegs causing the tents to collapse. The enemy would be trapped and easy prey for the infantry. Tentpegging is a combat tactic sport which requires military drill and precision.

Presentations:

The winners and placegetters for all sections come together for a mounted presentation in the main arena at approximately 5.00pm. A spectacular conclusion to a busy day.

THE SADDLE - UP WANDIN PARK YOUNG EVENT HORSE TROPHY

First introduced to Wandin Park last year, this event has been run successfully throughout the U.K., with the finals held at Burghley each year. The event is designed to recognise and encourage breeders and trainers in producing the correct type of young horse that is considered to be the best material to make a top eventing horse.

The class is open to 4 and 5 year olds and the competition is divided into four sections with a different judge for each section.

A qualifying heat is judged on Saturday with competitors completing the first sections of the competition.

SECTION 1: DRESSAGE Judge - Miss Caroline Coleby - 25% of score

Unlike a normal dressage test the judge does not assess individual movements and the judge may stand anywhere to be able to get the best view. The judge is looking at the potential of the horse and must discount the effect of the rider. Three correct, elastic and regular gaits through a swinging back are what is sought.

SECTION 2: JUMPING Judge - Mr Neil Lavis - 25% of score

The competitors proceed straight from the dressage ring into the jumping phase with only enough time to adjust stirrup length. Again, the judge is looking for potential and normal showjumping penalties do not apply. A horse with a fence down through inexperience may score higher than a weak horse that may rattle three, but jump clear.

SECTION 3: MOVEMENT IN HAND Judge - Mr Malcolm Barns - 25% of score

The judge is looking at the conformation and movement of the horse.

SECTION 4: FINAL JUDGING Judge - Capt. Mark Phillips 25% of score

The highest placing six horses up to the end of section 3 are asked to show their paces, including the gallop, in the main arena.

WHY THE REAL MEN FROM SNOWY RIVER WEAR THE REAL DRIZA-BONE.

It's dark and bitterly cold and the rain is bucketing down. Your tractor's bogged and you're trying to drag stock to safety under your own steam.

The last thing you need right now is a coat that leaks.

Or one that cramps your movements because the maker has skimped on fabric to save money.

But these are just a couple of the vital differences between a copy and a genuine Driza-Bone. And they're some of the things you won't discover in a shop.

You need to be out working to appreciate why a real Driza-Bone performs so much better than a coat designed for Pitt or Collins Street farmers, or itinerant movie stars.

The real Driza-Bone, as worn by

the real mountain men, had its genesis in the sailing ships that barrelled their way to Australia along the Roaring Forties.

Andrew Le Roy, an enterprising Scot, discovered that the ships' sails could be made into excellent wet weather gear, and they proved so efficient they were soon adopted by the colony's squatters and settlers.

The early linseed oil process has been replaced along the way with a more effective Driza-Bone oiling process which stops cracking and prevents the coats from going hard and stiff. It also stops them deteriorating when they're stored during hot summers.

With a genuine Driza-Bone the rain doesn't run into your boots.

And the fabric breathes, so you don't get wet from the inside out.

In fact the fabric, the cut of the cape, and the cotton lining, all work to prevent body heat condensation - a very uncomfortable, personal greenhouse effect.

Importantly, the fabric across the back and shoulders of a Driza-Bone is cut wide enough to allow you full freedom of movement.

Sleeves are

extra long and the reinforced elbow patches are strategically placed on the inside of the elbow, preventing the pools of water that naturally form there from seeping in.

And because Australian rain is often accompanied by G-force winds, the leg straps and front closure flap are designed to stop your Driza-Bone from taking off. All these reasons make it worth your while to go for a genuine Driza-Bone. They now come in two weights, the traditional and a lighter premium weight.

If you'd like to know more about the Driza-Bone range or your nearest stockist, call this toll free number (008) 773 800.

Incidentally, every Driza-Bone is made in the knowledge that real life's much tougher than the movies.

DRIZA-BONE®
The legend of the bush.

INTRODUCTION TO HORSE TRIALS

Wandin Park Horse Trials is a One Day Event. In the world of eventing there are also Two Day and Three Day events.

There are three phases of competition in a One Day Event: Dressage, Cross Country and Showjumping, each requiring skills of thorough training, precision and boldness.

The horse must demonstrate the controlled discipline of the dressage test, yet be bold and possess the stamina to jump over 20 fences across 3km of the cross country course. He must then be able to show sufficient suppleness after the endurance test to complete a showjumping round cleanly.

The entire competition is scored on a penalty point basis with the horse and rider scoring the lowest number of penalty points winning the competition.

There are three different "classes" or levels of competition at Wandin Park Horse Trials.

The classes are:

RESTRICTED NOVICE
NOVICE
ADVANCED

The class entered depends on the horse's past performance with performance or grading points being accumulated with each placing in a competition. This ensures that horses with similar performances compete against each other.

DRESSAGE

The dressage test, lasting approximately seven minutes, is conducted on Saturday although a demonstration will be conducted in the main arena by Cherie Edmonds on Sunday at 1.00 pm and 4.20 pm.

In the Dressage test a series of set movements are executed and each one is marked by the judges, together with marks for general performance. During the dressage test, the judges look for the horse to move eagerly and energetically forward whilst remaining responsive to the rider's direction.

The dressage test is ridden in an arena 60 x 20 metres and the test must be executed from memory.

DRESSAGE TESTS

Restricted Novice:	EFA Test 1.5
Novice:	EFA Test 2.6
Advanced:	EFA Test 3.6

The penalty points incurred in the dressage are carried forward to the cross country and showjumping phases.

CROSS COUNTRY

Wandin Park has three separate courses, one for each section of competition. There are 20 fences in the Restricted Novice, 22 in the Novice, and 24 in the Advanced section. Penalties can be incurred in a number of ways.

PENALTIES:

1st refusal, run out or circle of horse at a jump	20 penalties
2nd refusal, run out or circle of horse at same jump	40 penalties

3rd refusal, run out or circle of horse at same jump	Elimination
Fall of horse and/or rider at jump	60 penalties
Third fall of horse, and/or rider at obstacle	Elimination
Error of course not rectified	Elimination
Omission of obstacle or boundary flag	Elimination
Re-taking of an obstacle already jumped	Elimination
Jumping obstacle in wrong order	Elimination
For every commenced period of 1 second in excess of time allowed	.4 penalty
Exceeding the time limit	Elimination

Competitors in the Novice and Advanced sections must carry 75kg in the cross country phase.

What is a refusal?

A horse is considered to have a refusal if it stops in front of the obstacle to be jumped. A stop, followed immediately by a standing jump, is not penalised. The horse may step sideways but if the horse steps back even a single pace, voluntarily or not, or if the halt is prolonged, this constitutes a refusal.

If a horse that has already stepped back once, is re-presented at the obstacle and halts or steps back a second time, or if the halt is prolonged and the competitor redoubles or changes his effort, still without success, this constitutes a second refusal and so on.

SHOWJUMPING

The jumping tests consists of one round with obstacles no higher than:

Restricted Novice:	1.15m
Novice:	1.15m
Advanced	1.20m

The test must be carried out at the following speeds

Advanced:	400mpm
Novice:	350mpm
Restricted Novice:	300mpm

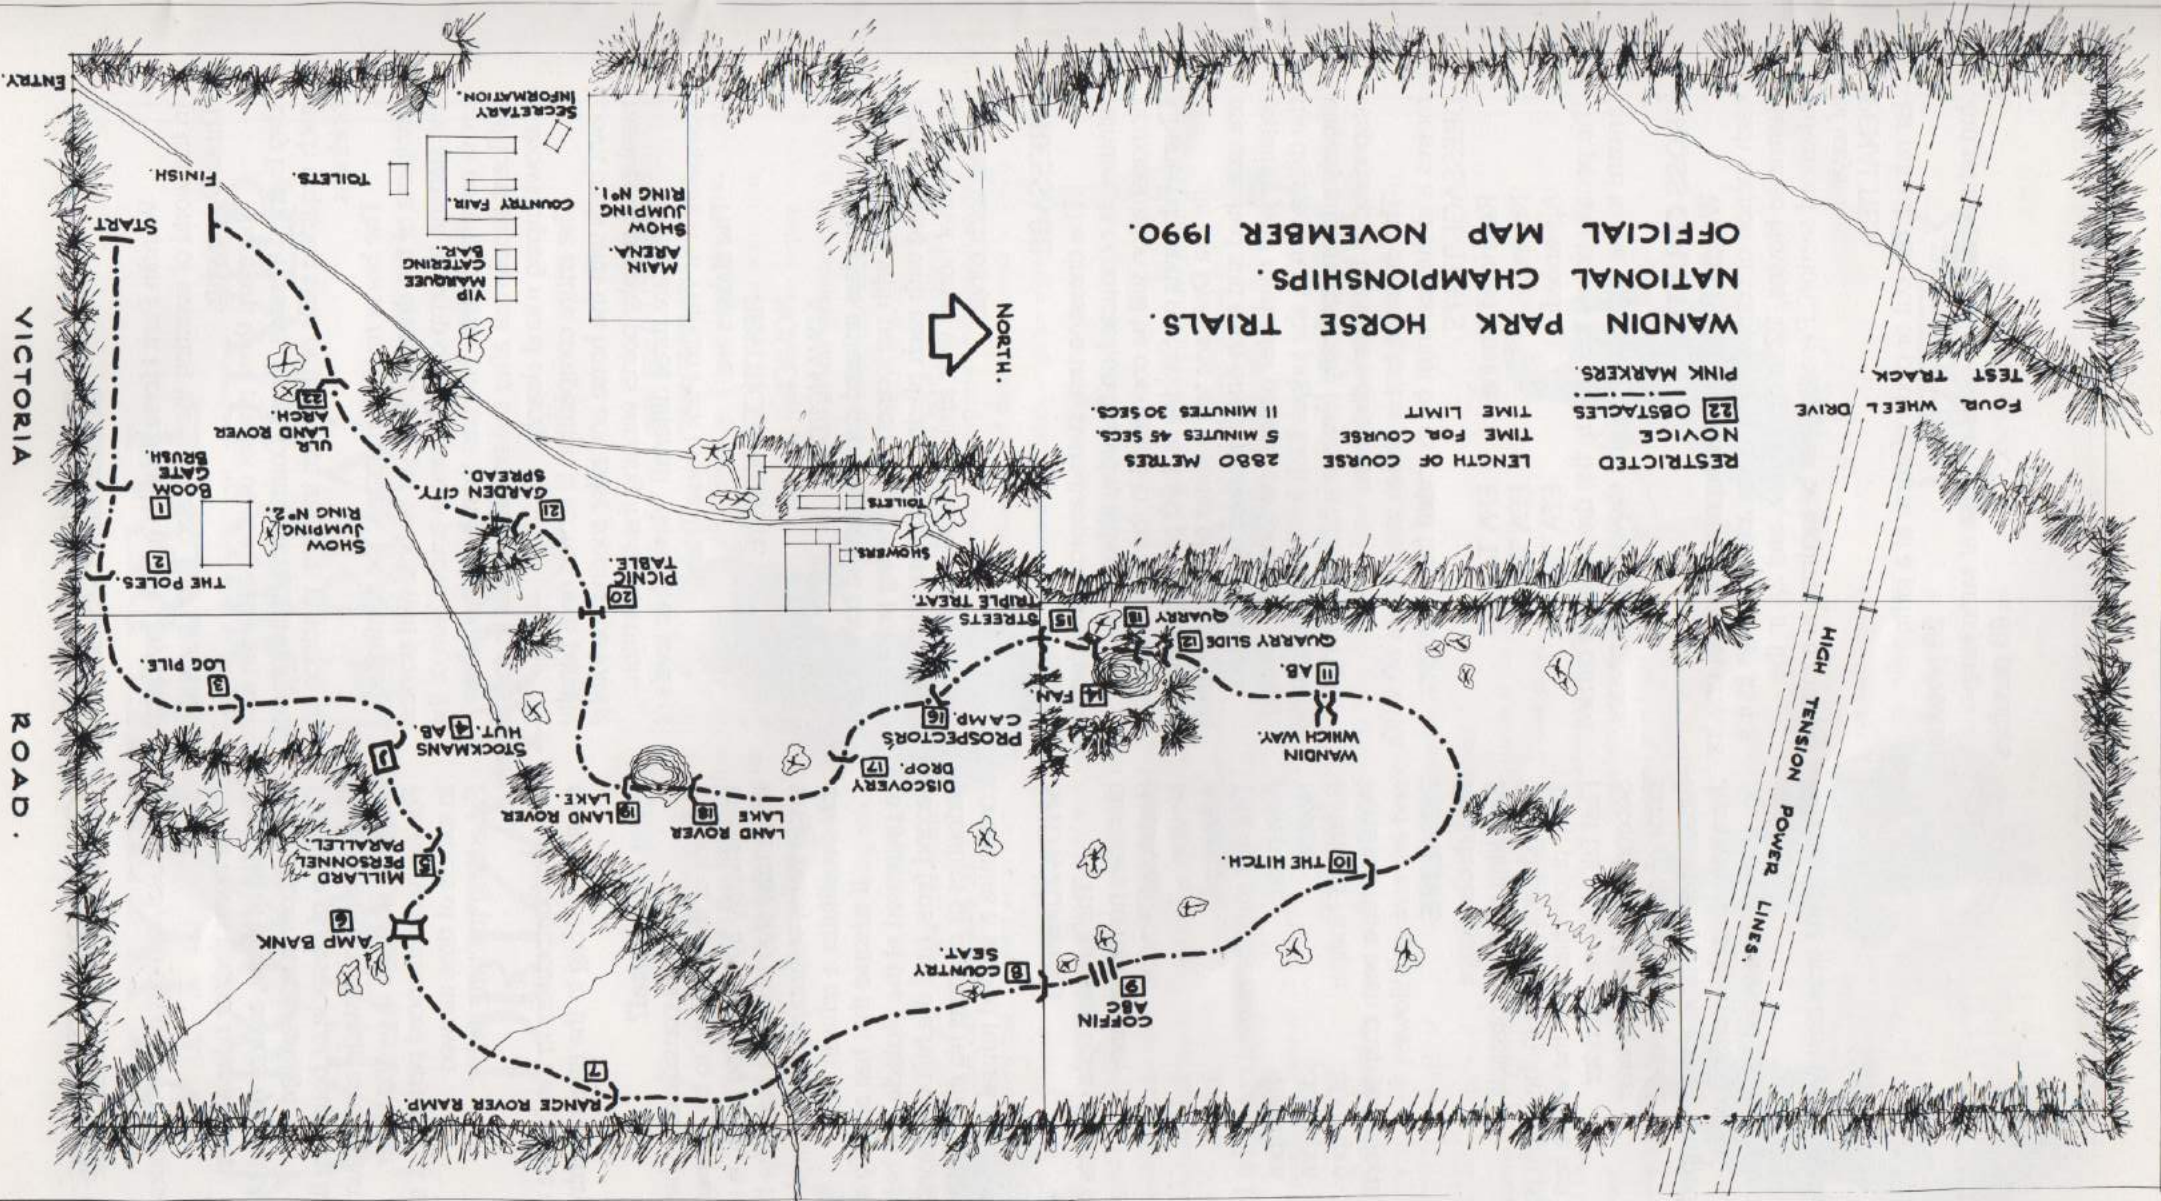

Penalties have been changed effective 1st January 1989, and are now as follows:

PENALTIES:

First disobedience	10 penalties
Knocking down an obstacle	5 penalties
Second disobedience in the whole test	20 penalties
Third disobedience in the whole test	Elimination
First fall of horse and rider	30 penalties
Second fall of horse or rider	Elimination
Error of course not rectified	Elimination
Retaking an obstacle already jumped	Elimination
Jumping obstacle in wrong order	Elimination
For every commenced second in excess of the time allowed	.25 penalties
Exceeding the time limit (which is twice the time allowed)	Elimination

Competition C

Obstacle Driving - Saturday

Presentation: The object of Presentation is to judge the turnout cleanliness, general condition of the horses, driver, grooms, harness and vehicle. Whilst it does not resemble a Show Turnout Class in minute attention to detail, the neatness and efficiency of all personnel should be taken into account and their dress should conform to the style of vehicle and harness.

Dressage: The object of the Dressage is to judge the freedom, regularity of paces, harmony and lightness, ease of movement, impulsion and correct positioning of horses on the move.

The competitor will also be judged on his style of driving, accuracy and general command of his horse. Driver must carry his whip in hand. Multiples must carry a groom, singles, optional.

Obstacle Driving (Cone Driving): This part of the competition is designed to test the fitness, obedience and suppleness of the horse and skill of the driver. The combination are timed from the first part of the horse crossing the start and finish lines.

Marathon: This phase of the competition will start at 9.30 AM on Sunday. It will test the fitness and stamina of the horse.

The marathon course is divided into five sections: A, C and E are completed at the trot. Sections B and D must be executed at the walk. At the end of Section B and D there is a 10 minute halt and also at D, a vet check. Section E includes 5 Marathon Obstacles or Hazards.

SECTION A	-	10 KM TROT
SECTION B	-	1 KM WALK
SECTION C	-	4 KM TROT
SECTION D	-	1 KM WALK
SECTION E	-	5.5 KM TROT WITH
5 HAZARDS

THE DIFFERENCE BETWEEN HORSE OWNERS AND HORSE LOVERS.

Introducing new 'EQUIMEC'® (ivermectin). The most complete parasite control agent for horses available in Australia.

For a number of years, leading horsemen and women in America and New Zealand have had the advantage of ivermectin. That advantage is now available to Australian horse lovers.

EQUIMEC contains ivermectin, a totally new type of parasiticide.

Now all your horses can benefit from today's most complete parasite control. It can prevent one of the major causes of verminous colic and delivers reliable control of all significant internal parasites, bots and summer sores. You can be confident of its performance. One tube can treat up to six hundred kilograms of body-weight. It is easy to use, doesn't clog, or go hard in the tube, and is quick and easy to dispense, which makes treatment easier on your horses.

The technical superiority of EQUIMEC is scientifically based.

EQUIMEC is registered for the treatment and control of roundworms (including arterial larval stages of Strongylus vulgaris and benzimidazole-resistant small strongyles), bots and skin lesions caused by Habronema and Draschia spp. (summer sores) and Onchocerca spp. microfilariae (cutaneous onchocerciasis).

It is the most advanced anthelmintic drug for horses available in Australia. It is now available throughout the country. If finishing well is what matters to you, don't be a late starter. Use EQUIMEC in a regular equine parasite control programme.

Equimec® (ivermectin)
FOR A FINISH THAT'S WORTH FRAMING.

GENERAL CONDITIONS - WANDIN PARK HORSE TRIALS

- These Horse Trials will be conducted under the E.F.A. Combined Training Rules for Horse Trials 1983 and the amendments since that date.
- LIABILITY.** Neither the Organising Committee nor the Equestrian Federation of Australia accept any liability for any accidents, damage, injury to horses, owners, riders, grooms, officials, spectators, ground or any other person or property whatsoever.
- RESERVATION.** The organisers reserve the right
 - to cancel any class or event
 - to divide any class
 - to alter the advertised times
 - to refuse any entry, with or without stating the reason
 - to alter the horse's class within its grading
 - to combine any classes.
- FORBIDDEN ASSISTANCE.** Outside assistance is forbidden, under penalty of elimination. Any intervention by a third party, whether solicited or not, with the object of facilitating the task of the rider or helping his horse, is considered forbidden assistance. Similarly it is forbidden for a competitor to join or accept a lead from another. It is forbidden for a jump judge or official to call back or assist a competitor by directions to rectify an error of course. Catching a loose horse, helping the rider to adjust his saddlery or to remount after a fall is permitted. In such a case, the course must be resumed at the exact spot at which it was interrupted. Whether or not a competitor has received forbidden assistance will be decided by the E.F.A. Steward.
- All dogs must be kept on leads at all times.
- PRESENTATION OF PRIZES.** The prizegiving will take place at the conclusion of the event. All placegetters must present themselves correctly attired and mounted for presentation of prizes.

Washed the car lately?

For thirty-three years, we at ULR have specialised solely in Land Rover and Range Rover.

At our one location, we have a vast selection of new and used models from which to choose, plus a large fully equipped workshop with staff who will expertly attend to all your needs.

With the largest stock of spare parts and accessories anywhere in Australia, ULR is unique in its ability to offer complete sales and service for these “often imitated – never bettered” prestige marques.

So don't take the chance of being

left without a paddle – come to Victoria's only true specialists.
