

Saddlefitting Simplified

A horse and its rider are like a finely-tuned machine. Any loss of performance in either - effects the whole.
Which is why a correctly fitted saddle is so important.

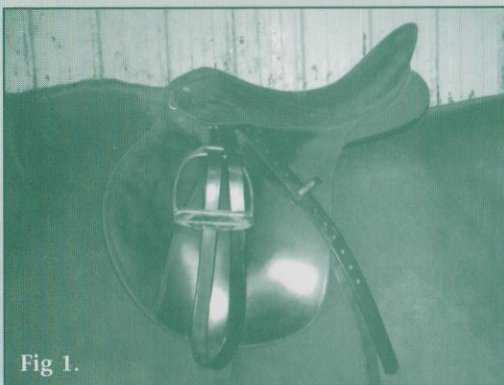

Fig 1.

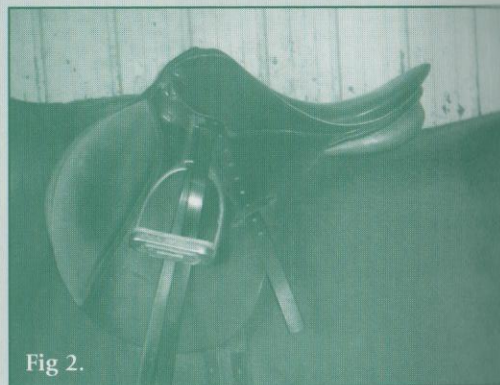

Fig 2.

Sometimes an ill-fitting saddle is obvious - like the forward leaning saddle in Figure 1 and the backward fitting saddle in Figure 2. However, you need an Accredited Saddle Fitter to detect and rectify the more subtle imbalances which can arise.

The critical interface between horse & rider

The saddle is the MAJOR interface between the rider and the horse, so the fact that proper saddle fitting is essential is undisputable. What constitutes proper saddle fit is the area that seems to generate some confusion and this just should not be so. The principles of good saddle fitting are straightforward and above all logical! They are about Position, Angle, Balance and Weight distribution. It should not be about opinion or schools of thought.

Level I Saddle Fitter

In addition to theory and practical exams, each candidate must complete 12 months experience in the field prior to being eligible to sit final examination.

Level II Saddle Fitter

The pre-requisite for Level II is Level I with a few years field experience. Candidates are examined by the expert team previously mentioned. All Saddle Fitters must attend regular refresher courses to ensure consistency of standard and to retain their accreditation.

Did your saddlefitting experience comply with "the standard"?

For a saddle fitting that definitely meets "the standard", ring your nearest Horseland store on visit www.horseland.com.au for a full listing.

Why use an Accredited Saddle Fitter?

All qualified Horseland Australian Saddle Fitters are trained using the same principles as the British Society of Master Saddle Fitters. Throughout the world these principles are recognised as "the standard". Yearly courses are run by leading experts in the field. Tim Mills, the head trainer in saddlefitting for the Society of Master Saddlers, is one of our lecturers and examiners. Ian Bidstrup is a qualified vet, Master of Chiropractic Science and qualified Acupuncturist. Ian is another of our lecture team and assessment group. Rob McCann, Professional and Associate Member of Master Saddlers and British Qualified Saddle Fitter and Queensland's Graeme Aitken is also an Associate Member of the Society of Master Saddlers (UK). Trained in England both these horsemen are tutors and examiners of saddle fitting candidates in Australia.

PRESIDENT'S REPORT

Welcome everyone to our 25th Year of Eventing at Wandin Park.

I am very pleased and proud to announce that Horseland & WeatherBeeta are once again our major sponsors.

Over the years this continued commitment to our Wandin Events, has seen it grow into one of Australia's finest One Day Events.

I would like to thank Maroondah Printing for supporting us with the Program printing. Also Lilydale Veterinary Centre who are sponsoring all their veterinary assistance over the weekend. We are most grateful for this support.

This weekend we have record entries, with the action on both 'Little Wandin' and on our main cross country course together with new and challenging cross country fences.

We look forward to a very exciting Event, and wish all competitors an enjoyable time.

To make this weekend possible takes the dedication and hard work of the volunteer Committee, who work tirelessly behind the scenes.

A special thanks is extended to the volunteers who are always available when called upon to lend a hand prior to the Event and on the day.

Also a very special thanks to Angela & John Anker for the use of their beautiful Wandin Park property, and for the incredible number of hours spent working to provide this magnificent Eventing venue.

On behalf of the Committee and all friends to Wandin Park, I would like to extend to Angela, John and family our Deepest Sympathy on the recent passing of Angela's Mother Mrs Lenore Timms. Her support to Angela and tireless work at each Event over the past 25 years have many treasured memories.
