Saddle Fit for Performance

A Horse and its rider are like a finely - tuned machine. Any loss of performance in either - effects the whole. Which is why a correctly fitting saddle is so important.

Amanda Howell & Shane Rose talk Saddle Fitting:

Amanda Howell

Sydney 2000 Individual Event Rider, Winner of Australasia Melbourne International 3 day event 2* on Zoom 2005.

"I know what it's like to have tight shoes or a badly fitting helmet – I can't perform to my best because my equipment is annoying rather than assisting. Therefore I make sure all of my saddles are correctly fitted to each horse. This ensures I concentrate on the important aspects – harmony & understanding between my horses and I. Not only are my horses comfortable, I also sit straighter, centred and balanced – I hardly even notice the saddle is there. I have my saddles checked and fitted on a regular basis, it's a small fee compared to the upkeep of your horse and a major factor in determining comfort." Amanda Howell

Shane Rose

Top level Australian & international eventer, recently represented Australia at the World Equestrian Games & placed 3rd at Burghley 4*.

"Badly fitting saddles are not only painful for our horses, they also hinder the riders balance and position. If the rider is not balanced, they cannot effectively communicate with their horse. It is essential that all saddles are correctly fitted to ensure the horse and rider communicate without interference and without pain. Our horses are athletes and it is vital that our equipment fits correctly to allow our horse to concentrate on the job at hand...winning! No athlete can perform at their best with ill fitting gear" Shane Rose

WHY SHOULD YOU ONLY USE AN ACCREDITED SADDLE FITTER?

When it comes down to it, saddle fitting is all about the health of your horse and the performance of you both as a single functional unit. Top performance only comes from your horse being fit and the two of you operating as a team. As the saddle is the major interface between horse and rider, the fact that proper saddle fitting is essential is indisputable. Its what constitutes proper saddle fit that seems to generate the most debate and confusion - quite simply this should not be so. The principles of good saddle fitting are straightforward and above all logical.

Its all about Position, Angle, Balance and Weight Distribution.

There is no need for saddle fitting to be about opinions or theories. The Accredited Saddle Fitters of Australasia (ASFA) teach these principles to their members and stand by them as 'the standard' in saddle fitting.

PRESIDENT'S REPORT

Welcome to another action packed Wandin Park Event.

At every event, Sponsors play an important and vital role, and I am thrilled that at this event Horseland are once again our major sponsors.

We are indeed fortunate and most grateful that we have this continued sponsorship each year.

I also thank Lilydale Veterinary Centre for sponsoring their veterinary assistance over this weekend.

An Event this size can only be made possible by the valued support of committee members and so many enthusiastic people who willingly volunteer their time. The achievements of an event are the results of a combined effort put in by all. We are dependant on volunteers for the future of Eventing and I sincerely thank you all for your dedication and unfailing commitment.

I would like to thank John and Angela Anker for the use of their fabulous eventing venue Wandin Park.

We are so fortunate to be able to hold our Events on this beautiful property where all competitors and spectators can enjoy the Wandin Park facilities.

I especially thank John for the huge number of hours put in designing and organising this exciting course.

I wish all competitors good luck and an enjoyable weekend.

Isabell Werth

World Champion

World Champion Grand Prix Special Aachen 2006 Team Gold Medal Grand Prix Aachen 2006

Isabell's unsurpassed achievements in the World Dressage arena* and dedication to perfection ensured a truly revolutionary saddle was developed.

The Isabell Saddle is engineered for performance, taking the effort out of sitting in the correct position and seating the rider even closer to the horse for precise communication.

 Featured in the Isabell Saddle are the ultimate performance systems, the CAIR® Panel System and EASY-CHANGE Gullet System. Together they ensure unequalled comfort and performance for you and your horse through unrivalled adaptability, even weight distribution and fluid cushioning for your horse's working muscles.

*Individual Olympic gold (1996) and silver medals (1992 & 2000) team Olympic gold medals (1992, 1996, 2000), three times Individual World Champion (1994, 1998, 2006) and three World Team gold medals (1994, 1998, 2006).
