## PRESIDENT'S WELCOME

Welcome to our 30th year of Wandin Park Events.

A very warm welcome to our International Competitors, Judges, officials and special Invited guests.

This year we are celebrating 30 years of events. Over the past 3 decades two Events per year (60 events) have been held at Wandin Park. This is due to the foresight of the early Committees working together with John & Angela Anker, and has continued on over successive years.

I thank all those past and present committee members and volunteers and Sponsors who have made this unique occasion possible.

Today Wandin Park is one of the finest Equestrian properties in Australia, with its beautiful scenery, challenging jumps on the spectacular cross country course, new Show Jumping arena and Dressage equipment, and many new amenities.

On behalf of the Wandin Park Association Committee, I sincerely thank our Sponsors for recognising the importance of supporting the development of Equestrian Eventing.

I especially thank the Australian Sports commission & Equestrian Australia High Performance Panel, and State Eventing Committee, for supporting the

CIC 3\* cross country fence upgrade.

Also Sponsors, RACV Farm Insurance, International Animal Health, Pryde's EasiFeed, Stubben Australia, Ignite Your Brand, Bendigo Bank, Equissage, WHK Melbourne, Windsor Apparel, Domaine Chandon, 7 Eleven, Vinyl Tonic, Maroondah Printing & Skye Park rugs.

I would like to thank Angela & John for allowing us to continue eventing on their beautiful property, and for all their personal time, and unselfish commitment put in to ensure every event is successful. I also thank Emily, Rebecca and William for their fantastic support.

Also to our small band of hard working Committee I extend my sincere thanks.

I encourage anyone who has some spare time to join.

Please remember to support our fundraising and donate today to Yooralla.

I wish all competitors and visitors an enjoyable event.

Heather Dynes

President Wandin Park Association.

- Neither the Organising Committee, the Wandin Park Association or the EFA accept any liability for any accidents, damage, injury to horses, owners, riders, grooms, officials, spectators, ground or any other person or property whatsoever.
- The organisers reserve the right to (a) cancel any class or event (b) divide any class (c) alter the advertised times (d) refuse any entry with or without providing a reason (e) alter a horse's class within it's grading (f) combine any classes.
- Outside assistance is forbidden under penalty of elimination. Any intervention by a third party, whether solicited or not, with the object of facilitating the task of the rider or helping his horse, is considered forbidden assistance. Similarly, it is forbidden for a competitor to join or accept a lead from another. It is forbidden for a jump judge or official to call back or assist a competitor by directions to rectify an error of course. Catching a loose horse, helping the rider to adjust their saddlery, or to remount after a fall, is permitted. In such cases, the course must be resumed at the exact place at which it was interrupted. Whether or not a competitor has received forbidden assistance will be decided by the EFA steward.
- All dogs must be kept on leads at all times.
- The prize giving will take place at the conclusion of the event. All placegetters from all classes must present themselves correctly attired and unmounted for the presentation of prizes. 1st place horse to be presented.

# HORSE TRIALS

The Wandin Park Horse Event is a one day event held over two days. In the world of eventing, there are also two and three day events.

A one day event has three phases of competition: dressage, showjumping and cross country. Each requires precision, boldness and skills acquired through training.

The horse must demonstrate controlled discipline in the dressage test, yet possess the stamina to jump man cross country fences placed over a distance of approximately 3km. The horse must then be able to show sufficient suppleness after the endurance test to complete a clear showjumping round.

The competition is scored on a penalty point basis, the horse and rider with the least penalty points wins.

Seven classes will be contested at the Wandin Park Horse Event 2010. The classes are: CIC\*\*\*/\*\*/\*, Pre Novice, Junior Pre Novice, Preliminary, Introductory and the MecWorma Young Event Horse. Horses are eligible to compete in each class depending on the number of qualifying competitions achieved. This ensures that horses of similar performance compete against each other.

## Dressage

In the dressage test a series of movements are executed. Each movement is marked by the judges. Marks are also given for the general performance of the test. During the test, the judges look for the horse that is moving eagerly forward whilst remaining responsive to the rider's direction.

Dressage tests are ridden in a 20m x 60m arena. The rider must execute the test from memory.

Penalty points accumulated in dressage are carried forward to the cross country and showjumping phases.

In the Pre Novice there are 25 jumping efforts over 16 cross country jumps. In the CIC\* there are 29 jumping efforts over 18 fences, the CIC\*\* there are 31 efforts over 20 fences and the CIC\*\*\* has 35 efforts over 21 fences.

The Young Event Horse class was first introduced to Wandin Park in 1989. The event is designed to recognise and encourage breeders and trainers who produce the type of young horse that is considered to be that which will make a top eventing horse. The class is open to 4 and 5 year old horses. The competition is divided into four sections. Each section has a different judge, and 25% of the total available marks are awarded in each section.

- Section 1 – Conformation, Saturday 9.30am, 'Grass Area'. Judge – Jacqui Laidlaw.  
The Competitor performs an in-hand work pattern. The Judge is assessing aspects of conformation, overall balance, athleticism and trainability of the Event Horse. Scores will be allocated to each of these aspects.
- Section 2 – Dressage, Saturday 1.00pm, Ring 7. Judge – Phillip Cafarella. A simple dressage test will be ridden in a 60 x 20m arena. The Judge will not mark individual movements, but will consider the overall performance of the horse. The Judge will also take into account the rider's influence on the horse's performance as it is the horse's not the rider's potential they are looking for. The horse should produce three correct, elastic and regular gaits through a swinging back.
- Section 3 – Showing of Paces, Saturday 1.15pm. Judge – Mary Jane Crabtree.  
All horses are to be ridden and will be judged on their paces (including the gallop) and jumping a small cross-country (a single log). The judge will score this section based on paces suitable for eventing.
- Section 4 – Showjumping, Sunday 9.00am, Little Wandin. Judge – Howard Ward. The jumping test is over a short course of about seven show jumping fences, no more than 90cm high. The test is designed to assess the horse's overall jumping performance and the judge will score on this basis, rather than conventional jumping penalties. A horse which knocks a fence down through inexperience may score higher than a horse with poor technique that jumps clear.

## International Animal Health Products Product Information Series

## D-Scour Paste™

A CONCENTRATED MULTI-STRAIN PROBIOTIC WITH  
GARLIC EXTRACT AIDING IN THE TREATMENT / CONTROL  
OF SCOURS IN ANIMALS.

Each gram of D-Scour Paste contains 180million CFU as:  
*Lactobacillus acidophilus*, *Lactobacillus delbrueckii* subspecies *bulgaricus*, *Lactobacillus*  
*plantarum*, *Lactobacillus rhamnosus*, *Bifidobacterium bifidum*, *Enterococcus faecium*,  
*Streptococcus salivarius* subspecies *thermophilus* and 20mg of Garlic Extract.

D-Scour Paste has been formulated to control scours through the combined action of selected natural live micro-organisms complemented by a natural yet powerful antimicrobial. The combination is synergistic as the antimicrobial portion does not affect the probiotics yet both components attack the micro-organisms which cause scouring, without harming the beneficial bacteria within the animal's gut. This is particularly important when treating animals with enteric disease caused by *E. coli*, *Rotavirus* or *Candida* spp. and microbially mediated diseases of the uro-genital tract, where for example, *Candida albicans* is implicated.

Garlic has been used for its nutritional and medicinal properties for thousands of years but only recently have manufacturing processes been developed which protect and stabilise its important antimicrobial active.

D-Scour Paste does not contain any chemical or antibiotic component, just safe ingredients produced by mother nature. In contrast the antibiotics used to treat scours don't just kill target pathogens but destroy beneficial digestive bacteria as well.

**How much to give.** Use the recommended dosage at first signs of stress\* or infection and administer daily for up to 5 days or as directed by a veterinarian.

SPECIES	DOSAGE	SPECIES	DOSAGE	SPECIES	DOSAGE	SPECIES	DOSAGE
HORSES	10-20 g	CATTLE	2-4 g	SHEEP/DOGS	2-4 g	PIGS	2-4 g
FOALS/PONIES	5-10 g	CALVES	1-2 g	LAMBS/KIDS	1-2 g	POULETS	1-2 g

\*Stress can arise from many causes including, but not limited to, transport, handling, changes in diet, weather, overcrowding, etc.

D-Scour Paste is available in 30g and 100g oral-dose syringes.

he dug holes in his stable, chewed the door to pieces, killed any rug in teeth range, had a go at the fillies, walked fences all day, fiddled with his feed, and as for working him, forget it!

- B group vitamins, magnesium and tryptophan

but he's a changed horse now!

Sootha combines B group vitamins and magnesium with tryptophan to overcome deficiencies associated with nervous symptoms and to create a mood stabilising effect.

Protexin was added to counter stress and restore balance to the gut with natural, healthy, live bacteria.

It's a great concept, it works and you'll be surprised at the change it makes.

A convenient paste formulation has been developed in a 30g syringe to be used in conjunction with Sootha Nerves & Stress powder.
